

INTERACTIVE DIGITAL NOTICEBOARD

IPNOTICEBOARD™

Secured by Design

Official Police Security Initiative

IPNOTICEBOARD™

COMMUNICATE SMARTLY

IPNOTICEBOARD™ is an environmentally-friendly and effective means of communicating with your residents and visitors.

It displays real-time building-specific information.

Remotely manage the display from any internet enabled device via the easy-to-use CLOUD portal.

21" surface mounted

IPNOTICEBOARD™ KEEPS EVERYONE INFORMED

Surveys

Receive feedback from your residents without going to site

Messages

Simply display a bold message

Signage

Display companies located in a shared office block and provide directions to visitors

Useful contacts

Provide everyone with easy access to important contacts

Notices

Inform residents and visitors using visuals and promotional material

Public transport

Provide up-to-date public transport information

Videos

Display videos

Weather reports

Real-time weather

IPNOTICEBOARD REMOTE MANAGEMENT

Technology means no paper and no mess. It also means instantaneous updates with whatever you want, whenever you want – from any internet enabled device.

Simply log onto the free CLOUD portal – no software required – and display building specific information and anything else that will assist your residents and their visitors on the IPNOTICEBOARD in the entrance lobby.

There are even pre-prepared templates for you to use because we know what you need – all buildings have similar requirements.
